Notes on the Best Execution Report

BTG Pactual Europe S.A. is not a member of a Trading Venue.

Client orders are passed on to the markets via brokers. Therefore, the above list contains the most frequently used brokers per financial instrument category to which customer orders were forwarded for execution.

The brokers execute the transmitted orders in accordance with their best execution provisions.

In this list, BTG Pactual Europe S.A. only lists the categories of financial instruments in which securities trading has taken place.

The bank does not offer securities financing transactions. Therefore, no corresponding reporting is provided.

If fewer than five brokers are named for a financial instrument category, no trading took place via other brokers in the corresponding financial year.
