

In September, we announced the acquisition of FIS Privatbank and now we are pleased to announce the official rebranding of your trusted bank into BTG Pactual Europe. This name change marks a significant milestone in our global expansion strategy. We have successfully established our presence in over 10 countries, including 4 in Europe. Luxembourg now plays an important role in our operations.

As the largest investment bank in Latin America, we offer a full range of services, including Investment Banking, Corporate Lending, Sales & Trading, Wealth Management, and Asset Management. In 2023, as we celebrated our 40th anniversary, our Assets and Wealth under Management surpassed US\$ 300bn, while our market cap reached US\$ 30bn.

We deeply value each of our clients and recognize the essential role they have played in our journey of success. We reaffirm our strong commitment to continue providing excellent services, with the same level of dedication and care we invest in all activities and markets in which we already operate.

We assure you that we will be by your side at every step of this journey. We will go through the entire process of transitioning from FIS Privatbank to BTG Pactual together.

Soon, all communications will be sent from @btgpactual emails, and the current website can be accessed at www.btgpactual.eu. Please note that your manager and the contact number remain unchanged.

Count on us to grow together and help you to achieve your financial goals. We look forward to building this next chapter alongside our clients, staying true to our values and the trust placed in us.
