BTG Pactual Europe does not currently provide for the targeted and systematic consideration of adverse effects of investment decisions on sustainability factors (PAIs) at company level. As part of the strategy, only investments at the product level of our subsidiary Inter-Portfolio (<https://www.inter-portfolio.com>) are currently included with regard to adverse impacts on sustainability factors.

The Inter-Portfolio management company mainly offers products that meet the requirements of Article 8 of Regulation (EU) 2019/2088 (SFDR). As part of investment decisions at product level, the adverse effects of investment decisions are taken into account and the PAIs are regularly calculated and disclosed.
